TUESDAY, MAY 7, 1901.

It is said 4000 boys in Louisville have signed an agreement to quit smoking cigarettes.

Pope Leo is said to have named the next Pope in his will, upon the theory that Papal power is absolute.

According to the new census London's population is 4,536,034, a gain of 308,717 in ten years.

So many States are knocking out the cigarette that the stogie is coming to the front and a syndicate is being worked up to form a Stogie Trust.

It is said Gov. Beckham will today or to-morrow appoint attorney Samuel S. Blitt as Commonwealth's Attorney for Jefferson county, to succeed to late Frank Parsons.

News of the secret marriage of Chas. Sutton and Miss Virginia McCarty, of Daviess county, Feb. 7, 1900, has just come out at Owensboro. They were married at Jeffersonville, Ind.

The Paducah News says Dr. McCormick was given an investigation before he was discharged. This is flatly denied by the nine commissioners in control of the business affairs of the asylum and by Dr. McCormick himself.

By all means there should be a thorough probing of the Hopkinsville asylum scandal. Justice, not alone to Dr. McCormick, but to the Democratic party, which is responsible for the management of the eleemosynary institutions of the state, demands that there should be a complete investigation, let the blame fall where it may. If, as claimed by Dr. McCormick, he is the victim of a conspiracy, the facts should be known. If as charged by him, others have been guilty of improper practices, the facts should be sifted and the asylum cleared of such people. By all means the investigation should proceed to the limit and the asylum be placed on a plane of good Democratic decency and honesty. Owensboro Messenger.

Beaumont, Texas, a little town of a few thousand people, is now the most talked-of place in the United States. It is in the center of the oil fields, and is in Jefferson county, a rice-growing section in the southern part of the State. A correspondent thus writes of the situation there:

"This is the wildest town in the world. It's not the ordinary wildness of a frontier village which some sudden excitement has thrust into prominence, but a business paroxysm that is making fortunes for scores and hundreds of people. Scenes are being enacted here every hour of the day and night which eclipse anything that ever took place in the palmiest days of the California gold fields, or the great oil discoveries in Pennsylvania. To the stranger who drops off here merely to see the sights the people appear to be crazy, but investigation shows there is cool method in their madness.

Beaumont is the metropolis of the new Texas oil fields. Six months ago it was a meager hamlet; to-day it is a thriving city of fully 12,000 people, and the population is increasing faster than the newcomers can be housed.

WANT CRUMBAUGH'S SCALP.

Hungry Horde of Ohio Men Want The Major's Place.

Thomas Jefferson, of Cincinnati, has applied for the position of Supervising Inspector of Steam Vessels for the Sixth (Cincinnati) district. He is said to be strongly endorsed by Ohio politicians. The position is at present held by Maj. S. R. Crumbaugh, of Hopkinsville, Ky. Quite an effort will be made to remove Crumbaugh, on the ground that he is not a resident of the district. It is said that Senators Elkins and Scott, of West Virginia, also have a candidate for the position.

Bowling Contest.

Louisville, Ky.—Louisville has taken the initiative in arranging for a big State Bowling Tournament, which will be held in this city on Owen's Alleys June 24-30. All of the bowlers of the State are invited to participate. It is the intention to make this the biggest bowling event ever held South of the Ohio river. Prominent officials of the American bowling Congress will be present.

Handsome prizes will be offered, including several costly trophies. In addition all the entrance money will be made up into first, second and third prizes for each championship event. There will be an individual championship, a two men team championship and a five-men team championship. The schedule will be announced as soon as the list of entries is complete.

Representative men have been chosen to direct the Tournament, which will be in the nature of a public enterprise. Mr. R. W. Brown of the Louisville Times, has been made President of the Executive Committee. Mr. Chas. F. Grainger, President of the Board of Public Works, is the Vice-President; Mr. Jas. S. Escott, President of the Southern National Bank, is the Treasurer, and Mr. Max M. Brunn, a well known authority on bowling, is Secretary. These gentlemen have associated with them a capable corps of assistants, who belong to sub-committees immediately responsible to the Executive Committee.

The object of the Tournament is to place bowling on a higher basis, to create rivalry between the Clubs of the various Cities and towns of the State, and to bring bowlers together in a spirit of good-fellowship. Bowling is a clean sport. It is a game that is growing in popularity every day, and a State Tournament of the kind proposed cannot fail to advance the best interests of the game, but is bound to prove a pleasant event from a sporting and social standpoint.

Visiting bowlers can arrange games among themselves in addition to taking part in the regular Tournament. There are numerous Alleys in the city, and every facility granted visitors who wish to play match games with rival cities while here, or who desire to indulge in practice.

Railroads are expected to grant reduced rates for the Tournament. All bowlers in the State, whether they belong to Clubs or not, are requested to correspond with the Secretary, Mr. Max Brunn, 735-637 Fourth Avenue, relative to entrance blanks, and additional information regarding the Tournament. Entries close June 1st, 1901.
